In order for students to participate in any sports they must follow the steps listed on the Emerson Junior High website, under the **Athletics Tab**. There is a list of the steps and the necessary forms to be completed and submitted online. Students are encouraged to complete this process at least two weeks before the start of the first season they wish to participate in. Students only need to complete the Athletics online packet **once** during the school year, BUT will need to complete the Google Sign-ups for each season. Students will not be allowed to participate in practices or team activities unless they have submitted the complete online packet and uploaded a copy of their sports physical before the deadline. Please do not give any paperwork to your coach.
